

VOLKER STEVIN POSITION PROFILE

Position:	Dozer / Track Loader Operator	Status:	Seasonal - Hourly
Company:	Volker Stevin Contracting Ltd.	Location:	Calgary, AB
Division:	Underground Utilities	Supervisor:	Foreman
Is this Safety Sensitive position?		Yes	

Volker Stevin Canada and its subsidiaries across Western Canada are dedicated to providing the highest level of quality services in the areas of construction, project management, highway maintenance, civil works and bridge construction, maintenance and rehabilitation expertise, and asphalt/aggregate plants and pits.

In anticipation of our client’s needs, we strive to build and maintain long term relationships based on safety, quality, value, trust, and timely service. In addition to upholding professionalism, integrity, honesty, and fairness in our relationships with our clients, professional associates, subcontractors, and suppliers we ensure the longevity of the Company while sustaining growth and profitability.

Holding a moral obligation to a safe, environmentally responsible work environment we model safety excellence as our way of life – where individual professional growth is the foundation for company growth. Our culture of building and maintaining successful partnerships instills confidence in achieving both employee and client goals.

Position Rationale

Reporting to Foreman, the position of a Dozer / Track Loader Operator is responsible for safe and efficient operation of a dozer or track loader. This Operator will perform duties as assigned to ensure that completed work is delivered according to Volker Stevin Contracting Ltd.’s company policies and procedures, Alberta Occupational Health and Safety, and contract specifications. This position utilizes a dozer’s front blade and ripper to assist with installation and backfill of various utilities. This position also applies to track loader operators that utilize a front bucket and rippers to perform similar duties.

Position Accountabilities

Equipment Operation:

- Operate a track dozer or track loader and other heavy equipment in a safe and appropriate manner.
- Perform daily maintenance and safety checks of equipment.
- Perform routine daily cleaning and maintenance to ensure smooth operation.

	<ul style="list-style-type: none"> • Conduct pre-operational checks on equipment, and clean, lubricate and refuel equipment as necessary. • Understand, interpret, and follow directions from supervisors as to required work area. • Operate equipment controls to regulate height and angle of a blade or bucket and lower ripper to loosen packed soil to permit grading. • Ensure sound understanding of ground disturbance requirements. • Operate a equipment in successive passes over construction surface to raise or lower materials (loam, clay, pitrun, etc.) to specified grade following markings on grade stakes or hand signals. • Operate equipment within an active site occupied by other heavy equipment and ground personnel, maintaining proper awareness of one’s surroundings. • Other duties as required.
Technical Knowledge:	
	<ul style="list-style-type: none"> • Knowledge of dozer and/or track loader operation and other heavy equipment. • Knowledge of underground utility construction materials, processes, and industry requirements. • Valid Ground Disturbance certificate preferred. • Understanding of computerized controls and electronics. • Understanding of DEF systems and operation standards.
Customer Service:	
	<ul style="list-style-type: none"> • Project a professional image in dealing with the public, internal and external clients, suppliers, and subcontractors. • Demonstrate a “can do”, problem solving approach to all inquiries and concerns. • Know when to seek assistance from supervision for issues or concerns.
Work Environment / Conditions:	
	<ul style="list-style-type: none"> • Work is performed in an outdoor setting, which could include inclement weather, heat and humidity, and exposure to dust. • Must be physically able to lift and carry at least 20 LBS on an occasional basis (example: cleaning tracks of equipment). • Valid Class 5 Operators License; Clean Drivers Abstract (as per Company Policy), preferred. • Must comply with the Company’s drug and alcohol testing requirements. • Possible out of town and weekend work as required.
Safety:
