Our culture of building and maintaining successful partnerships instills confidence in achieving both employee and client goals.

Position Rationale

Reporting to a Foreman, an Asphalt Rakerman redistributes asphalt mix correctly as it leaves the screed and prepares it for rolling. As a member of the paving crew, an Asphalt Rakerman is responsible for raking asphalt, shoveling excess asphalt, sweeping up debris and various labor-related duties.

Position Accountabilities

General Responsibilities:

- Spread asphalt with a rake using efficient techniques while maintaining a steady pace.
- Employ an asphalt rake to re-distribute asphalt mix leaving the screed in preparation for rolling.
- Shovel excess asphalt and sweep up debris.

- Be responsible for the proper match points and limits of asphalt mix adjacent to concrete structures, manholes, water valves and other fixtures within the road surface.
- Use an asphalt rake to blend and level any seams in the mat, reducing visible marks and seams in the asphalt surface.
- Measure road width using measuring tape and string line the boundaries of the road surface as a paver guide.
- Assist a Screed Operator with even distribution of asphalt materials over the road surface.
- Verify, estimate, and set the angle and depth of the asphalt screen as required.
- Signal operators of construction equipment to facilitate alignment and movement of materials.
- Ensure the worksite is organized and free of rubble and garbage.
- Shovel asphalt mix into areas inaccessible to paving machines, and compact mix using rakes and hand tampers.
- Perform a variety of manual labor tasks including the use of power and hand tools.
- Complete a variety of other general labor tasks, such as cleaning and preparing sites.
- Operate equipment, such as pneumatic hammers, vibrators, tampers, and skid steer when needed.

Knowledge, Skills, and Abilities:

- Demonstrate a proficient understanding of asphalt and raking techniques.
- Knowledge of paving construction methods, asphalt and road construction materials, heavy equipment operation and industry requirements.
- Must possess strong English proficiency skills, both verbally and written.

Customer Service:

- Project a professional image in dealing with the public, internal and external clients, suppliers, and subcontractors.
- Model a clear understanding of who the internal and external customers of the Volker Stevin Group of Companies are.
- Demonstrate a “can do,” problem solving approach to all inquiries and concerns.
- Know when to escalate an issue for immediate response.

Work Environment / Conditions:

- Out-of-town travel is required.
- Overtime might be required.
- Work is performed in an outdoor setting, which could include inclement weather, heat and humidity, as well as exposure to dust and asphalt.
- Must be physically able to repetitively lift and carry at least 50 lbs. on a regular basis.
